

Andrew Owens

Software Developer

Profile

Skilled software developer that can learn and adapt extremely quickly. I have 2 years' experience using Azure and currently gaining work experience in Web development. I am honest, hard-working and I am always eager to learn. My dream is to be a cloud developer because I believe that is where I can prosper the most.

Employment History

Promotions/Sales at Spicyramen media, Centurion

Web development intern at CTU, Hatfield

I am currently working at CTU to gain experience in Web development. The languages I use are HTML, CSS, JavaScript, and PHP. CTU implements WordPress to host and build the website. GitHub is used for its repositories and for testing the website code.

- Various responsibilities include:
- Designing and creating new templates
- Updating the website according to marketing departments specifications
- Adding new features to the website
- Fixing bugs and errors the website experiences
- Keeping up to date with new technology or software that can improve the websites functionality and the users experience.
- Communicating with the marketing department to find the best solution to improve the website.

Education

NSC at Sutherland high school, Centurion

Engineering and Graphics Design, Computer Applications Technology, Information Technology, Mathematics, Life Orientation, Afrikaans, and English.

Software development at CTU training solutions, Hatfield

Software Developing Fundamentals

Modules:

Basic Programming, Computer Architecture, Cloud Fundamentals, Core Web Development, Cybernetics, Digital Literacy and Proficiency, Network Architecture, Programmer Ethics, Robotic Development, Principles of Program Design, DevOps, Advanced Java, Business Programming, ASP.Net Core.

Achievements

Leadership Academy at Sutherland Highschool, Centurion

Throughout my high-school career I participated in a leadership program to build me into the man I am today. The program was created to get the youth out of their comfort zones for character building.

The skills I learnt:

- How to work with and communicate with a team
- Problem-solving
- Leadership
- Integrity
- Respect
- Honesty

I Achieved Cum Laude Honours and these are the activities I had to do to achieve this:

- Leadership and character-development camps
- Hikes
- Forty-hours of solitary self-reflection
- 4-day residential project,
- MBA Academy
- Toastmasters Youth Leadership Academy
- Self-defence academy
- mentorship of junior learners for twelve months
- Forty-hours community service

Swimming at Sutherland high school, Centurion

I achieved my colours for swimming and swam for the opens team in my matric year.

Karate at International Shotokan karate federation, Centurion

- I received my black belt after many years of training.
- I also achieved national colours for fighting in the karate world-cup in Cape Town in 2017
